Dear Clare

SCOTLAND'S CENSUS 2022

Thank you for your letter dated 17 November 2022 and the summary of evidence the Committee heard during its inquiry into Scotland's Census 2022.

I note the Committee's interest in the consultation on census outputs. I can confirm that the consultation has now launched and asks for views on:

- The order and sequencing of topics published
- The tools used to publish data
- The geographical levels that data are published at
- How changes to census questions impact planned work / research
- What users need from the new census questions.

Further information can be found on the Scotland's Census [website](#).

I hope that you find this information to be helpful.

Yours faithfully,

ANGUS ROBERTSON
