

Cross-Party Group Registration Form

Name of Cross-Party Group
Cross-Party Group on Multiple Sclerosis
Purpose of The Group and Proposed Discussion Topics
<ol style="list-style-type: none">1. Please state the purpose of the Group.2. Please also provide a brief explanation of the purpose of the Group and why the purpose is in the public interest.3. Please also provide details of any overlaps with the purpose of existing Cross-Party Groups and an explanation of why, regardless of any such overlap, the Group should be established.4. Please also provide an indication of the topics which the Group anticipates discussing in the forthcoming 12 months.
<ol style="list-style-type: none">1. The main purpose of the Group is to address the needs of people with MS in Scotland by bringing together those with an interest in the health and wellbeing of persons living with this condition.2. Multiple Sclerosis (MS) affects more than 15,500 people in Scotland; this is one of the highest incidences of the condition in the world. MS is a complex, incurable and debilitating condition. However, with the right care and support people can live independent, high quality lives. MS is a lifelong condition that affects people from an early age. Most people are diagnosed during their 20s and 30s and then face a lifetime with this complex condition. People affected by MS - both those diagnosed with MS and thousands of unpaid carers - often face significant health, social care and financial challenges due to the condition itself and the availability of the right services and support. The main purpose of the Group is to address the needs of people with MS in Scotland by bringing together those with an interest in the health and wellbeing of persons living with this condition.

The Group will promote discussion of MS issues, raise awareness, share good practice locally and nationally, and increase understanding of MS across a range of services and within the Parliament.

The purpose of the Group links closely to national framework priorities, including living longer healthier lives and tackling inequalities. In particular the aims of the Group support the national framework indicators to improve the quality of healthcare experience; reduce emergency admissions to hospital; and improve support for people with care needs.

3. There is strong support from MSPs and charities for the re-establishment of the CPG on Multiple Sclerosis. MS touches every community in Scotland with a prevalence of 290 per 100,000 people.

There are existing CPGs that deal with single issues also affecting people with MS: notably the CPG on Carers and the CPG on Disability. However these Groups do not deal with the breadth of issues that need to be addressed to improve the lives of those living with MS.

A specific MS focus is required on access to MS healthcare and neurology services and the further development, implementation and monitoring of condition-specific standards. This will form a major part of the Group's work and can only be dealt with through a CPG on MS.

The CPG on MS envisages collaborating with other Cross Party Groups such as the CPG on Carers and the CPG on Disability on issues of shared interest.

4. Topics over the next 12 months include: Remobilisation of the NHS (specifically neurology services), the National Car Service and Adult Disability Payment. Expert speakers and non-members with a specialist interest will be invited to contribute to appropriate meetings.

MSP Members of the Group

Please provide names and party designation of all MSP members of the Group.

Donald Cameron MSP

David Torrance MSP

Liam McArthur MSP

Clare Adamson MSP

Katy Clark MSP

Alex Cole-Hamilton MSP

Paul McLennan MSP

Carol Mochan MSP

Beatrice Wishart MSP

Non-MSP Members of the Group

For organisational members please provide only the name of the organisation, it is not necessary to provide the name(s) of individuals who may represent the organisation at meetings of the Group.

Individuals

Cat Johnson

Merv Graham
