INQUIRY INTO SCOTLAND'S ECONOMIC FUTURE POST-2014

The inquiry by the Scottish Parliament's Economy, Energy and Tourism Committee's inquiry into Scotland's economic future post 2014 has now concluded and, on behalf of the Committee, I wanted to thank you for your valuable contribution, working with us during the last few months, and identifying and elaborating so clearly on the key issues we considered.

When the Committee launched the inquiry I said we wanted to provide "a platform for debate". I believe we have through the gathering of written evidence and our oral evidence sessions, where we heard from senior expert witnesses across a wide range of key areas. It has been a fascinating and extremely interesting inquiry for the Committee (and I hope for you).

There is no report setting out our conclusions. However our webpage pulls together all aspects of the inquiry. You can access this via the link below:

Again, on behalf of the Committee, can I thank you for engaging with us on this important issue.

Kind regards,

Murdo Fraser MSP
Convener
