## INFRASTRUCTURE INVESTMENT PLAN 2011 - UPDATE

12 March 2014

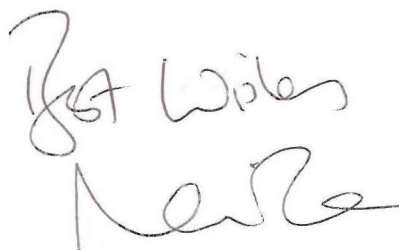

I would like to draw the attention of the Committee to the updates being published on 17 March 2014 relating to the Infrastructure Investment Plan 2011. We will be publishing the following:

- a report on progress in 2013;
- an updated programme pipeline; and
- an updated project pipeline.

These documents will be found on the Scottish Government website at the following link:  
<http://www.scotland.gov.uk/Topics/Government/Finance/18232/IIP>

The Committee should also note that the Public Audit Committee has agreed a revised format for future six-monthly Major Capital Project updates, which draws on the above publications. The first update in the new improved format will be provided during the week of the 17 March 2014. We propose providing a copy of this and all future Major Capital Project updates sent to the Public Audit Committee (in March and September of each year) to both your Committee and the Finance Committee.

I hope you find this information helpful.

NICOLA STURGEON
